

OFFICIALLY RECERTIFIED ALLIED CHROMEBOOKS

 Bulk Supply

 Quality Inspected

 Classroom Ready

Google for Education

Quality-inspected ChromeOS devices for schools, colleges, training centres, and education programs worldwide.

WHY EDUCATION BUYERS CHOOSE RECERTIFIED CHROMEBOOKS

Lower Cost per Student

Increase device coverage while keeping procurement budgets under control.

Deployment-Ready Supply

Prepared for bulk rollouts across school networks, training centres, and regional education programs.

ChromeOS for Learning

Simple, secure, cloud-first devices suited for Google Workspace, web learning platforms, testing, and classroom use with **3 years of security updates**.

Quality-Inspected Units

Each unit is checked for functionality, cosmetic condition, charging, display, keyboard, and battery health, and is covered by a warranty. Replacement parts are also readily available.

Scalable Procurement

Structured for institutional buyers requiring volume, consistency, logistics support, and project-based pricing.

Sustainability & Impact

Recertified devices promote sustainability, lowering environmental impact, reducing e-Waste and conserving resources with every device.

Built For Education Programs

Schools & School Networks

Student learning, classroom access, digital homework, and online testing.

Colleges & Training Institutes

Computer labs, digital coursework, assessments, and administration.

Government Education Rollouts

Large-scale student access programs and regional education deployment.

CSR & NGO Learning Projects

Affordable technology access for underserved communities and digital inclusion programs.
