

OFFICIALLY RECERTIFIED ALLIED CHROMEBOOKS

 Bulk Supply

 Quality Inspected

 Deployment Ready

Google Workspace

Quality-inspected ChromeOS devices for enterprise fleets, remote workforces, call centres, and corporate operations worldwide.

WHY ENTERPRISE IT LEADERS CHOOSE RECERTIFIED CHROMEBOOKS

Maximise IT ROI & Lower TCO

Scale your hardware fleet cost-effectively while preserving capital for core strategic initiatives.

Deployment-Ready Supply

Prepared for bulk rollouts across distributed workforces, branch offices, and field teams

ChromeOS for Business

Cloud-first, zero-trust security suited for Google Workspace, SaaS platforms, VDI, and remote workflows.

Quality-Inspected Units

Each unit is checked for functionality, cosmetic condition, charging, display, keyboard, and battery health, and is covered by a warranty. Replacement parts are also readily available.

Scalable Procurement

Structured for institutional buyers requiring volume, consistency, logistics support, and project-based pricing.

Sustainability & Impact

Advance corporate ESG metrics by reducing e-waste and carbon footprint without compromising reliability

Built For Business Deployments

Frontline & Deskless Workers

Durable endpoints for finance, logistics, manufacturing, retail, and field operations.

Call Centres & Customer Support

Secure, lightweight cloud endpoints optimized for web-based CRM and agent platforms.

Remote Teams & Branch Offices

Fast deployment for distributed workforces and satellite offices.

Contractors & Temporary Staff

Quickly provision secure, isolated devices without exposing internal infrastructure to risk.

Confidence Behind Every Unit
